

## AYDIN ADNAN MENDERES UNIVERSITY COURSE INFORMATION FORM

| Course Title   |          | Disability and Life   |            |             |        |                                  |                 |              |            |   |
|--|----------|---|------------|-------------|--------|----------------------------------|-----------------|--------------|------------|---|
| Course Code  |          | DY001   |            | Couse Level |        | Short Cycle (Associate's Degree) |                 |              |            |   |
| ECTS Credit  | 3        | Workload  | 76 (Hours) | Theor       | y      | 2                                | Practice        | 0            | Laboratory | 0 |
| Objectives of the  | e Course | It will be ensured that students have knowledge about special education field.  |            |             |        |                                  |                 |              |            |   |
| Course Content   |          | Basic concepts related to disability, definitions, purpose of special education, principles, special education institutions and their characteristics, process from prenatal factors, birth order factors to postnatal factors. |            |             |        |                                  |                 |              |            |   |
| Work Placement   |          | N/A   |            |             |        |                                  |                 |              |            |   |
| Planned Learning Activities and Teaching Methods Expla                         |          |   |            | Explar      | natior | (Presenta                        | tion), Discussi | on, Individu | al Study   |   |
| Name of Lecturer(s) Ins. Ebru DERECELİ, Ins. Fatma Nur ALTIN, Ins. Nejla BİÇER |          |   |            |             |        |                                  |                 |              |            |   |

| Assessment Methods and Criteria |          |                |  |  |  |  |  |
|---------------------------------|----------|----------------|--|--|--|--|--|
| Method                          | Quantity | Percentage (%) |  |  |  |  |  |
| Midterm Examination             | 1        | 40             |  |  |  |  |  |
| Final Examination               | 1        | 60             |  |  |  |  |  |

| Recommended or Required Reading |  |  |  |  |  |  |
|---------------------------------|--|--|--|--|--|--|
| 1                               | Engellilik ve Etik Dokuz Eylül Üniversitesi Yayınları        |  |  |  |  |  |
| 2                               | Esra Burcu; Engellilik sosyolojisi                           |  |  |  |  |  |
| 3                               | Nihal Arda Akyıldız ; Avrupa birliği ve Engelli politikaları |  |  |  |  |  |

| Week | Weekly Detailed Course Contents |  |  |  |  |  |  |
|------|---------------------------------|--|--|--|--|--|--|
| 1    | Theoretical                     | Basic concepts about special education, purpose of special education, importance of special education  |  |  |  |  |  |
| 2    | Theoretical                     | Special education principles, special education institutions and their characteristics   |  |  |  |  |  |
| 3    | Theoretical                     | Factors that cause disability  |  |  |  |  |  |
| 4    | Theoretical                     | Factors that cause disability  |  |  |  |  |  |
| 5    | Theoretical                     | Disability prevention and early diagnosis  |  |  |  |  |  |
| 6    | Theoretical                     | Classification of special education area   |  |  |  |  |  |
| 7    | Theoretical                     | Special education in Turkey  |  |  |  |  |  |
| 8    | Theoretical                     | Special education in the world   |  |  |  |  |  |
| 9    | Theoretical                     | Recognition and classification of visual impairments, causes of visual impairment, prevention of visual impairment and early diagnosis, education of visual impairment |  |  |  |  |  |
| 10   | Theoretical                     | Diagnosis and classification of hearing impairment, causes of hearing impairment   |  |  |  |  |  |
| 11   | Theoretical                     | Prevention of hearing impairment and early diagnosis, education of hearing impaired people   |  |  |  |  |  |
| 12   | Theoretical                     | Diagnosis and classification of language and speech difficulty, reasons for language and speech difficulty   |  |  |  |  |  |
| 13   | Theoretical                     | Prevention of language and speech difficulty and early diagnosis   |  |  |  |  |  |
| 14   | Theoretical                     | Education of children with language and speech disabilities  |  |  |  |  |  |

| Workload Calculation                         |          |               |   |          |                |  |  |
|--|----------|---------------|---|----------|----------------|--|--|
| Activity                                     | Quantity | y Preparation |   | Duration | Total Workload |  |  |
| Lecture - Theory                             | 14       |               | 3 | 2        | 70             |  |  |
| Midterm Examination                          | 1        |               | 2 | 1        | 3              |  |  |
| Final Examination                            | 1        |               | 2 | 1        | 3              |  |  |
|  | 76       |               |   |          |                |  |  |
| [Total Workload (Hours) / 25*] = <b>ECTS</b> |          |               |   |          |                |  |  |
| *25 hour workload is accepted as 1 ECTS      |          |               |   |          |                |  |  |

## **Learning Outcomes**

1 Having knowledge about special education field

Having knowledge about special education studies in Turkey and in the world
Having knowledge about visual impairments
Having knowledge about hearing impairments
Having knowledge about children with language and speech difficulty

## **Programme Outcomes** (Environmental Health)

- They have the appropriate level of knowledge about the basic sciences which has an interaction with the environment and the environment itself.
- They have gained the basic concepts, skills and qualifications in the Environmental health theorical and practical lessons. And then they can establish the connections that are necessary to protect the environment and people's health in the light of these competencies.
