

## AYDIN ADNAN MENDERES UNIVERSITY COURSE INFORMATION FORM

|  |   |   |            |   |   |                                  |   |            |   |
|--|---|---|------------|---|---|----------------------------------|---|------------|---|
| Course Title                                     |   | Sign Language   |            |   |   |                                  |   |            |   |
| Course Code                                      |   | TS074   |            | Couse Level                               |   | Short Cycle (Associate's Degree) |   |            |   |
| ECTS Credit                                      | 3 | Workload  | 76 (Hours) | Theory                                    | 2 | Practice                         | 0 | Laboratory | 0 |
| Objectives of the Course                         |   | The technique of teaching the concepts of sign language, make applications with the specified modules.  |            |   |   |                                  |   |            |   |
| Course Content                                   |   | In this lesson you will first of all health workers hearing impaired individuals and general features of sign language explained; hearing impaired can understand and healthy individuals can communicate within the framework of a set for the modules to teach sign language vocabulary and concept marks accurately and quickly be made for applications to use. |            |   |   |                                  |   |            |   |
| Work Placement                                   |   | N/A   |            |   |   |                                  |   |            |   |
| Planned Learning Activities and Teaching Methods |   |   |            | Explanation (Presentation), Demonstration |   |                                  |   |            |   |
| Name of Lecturer(s)                              |   |   |            |   |   |                                  |   |            |   |

### Assessment Methods and Criteria

| Method              | Quantity | Percentage (%) |
|---------------------|----------|----------------|
| Midterm Examination | 1        | 40             |
| Final Examination   | 1        | 70             |

### Recommended or Required Reading

|   |                                     |
|---|-------------------------------------|
| 1 | Dictionary of Turkish Sign Language |
|---|-------------------------------------|

| Week | Weekly Detailed Course Contents |  |
|------|---------------------------------|--|
| 1    | Theoretical                     | Hearing impaired individuals properties, properties of sign language, Fingerspelling |
| 2    | Theoretical                     | Introducing himself with the credentials   |
| 3    | Theoretical                     | Easy and natural to use the words  |
| 4    | Theoretical                     | Using the signs to meet  |
| 5    | Theoretical                     | Using the time frame marks, Using the number signs                                   |
| 6    | Theoretical                     | Day beacons in use, Using color markers  |
| 7    | Theoretical                     | Crafts to use signs  |
| 8    | Intermediate Exam               | Exam   |
| 9    | Theoretical                     | The ability to use parts of the hospital signs                                       |
| 10   | Theoretical                     | The ability to use parts of the hospital signs                                       |
| 11   | Theoretical                     | The ability to use disease signs   |
| 12   | Theoretical                     | The ability to use organ marks   |
| 13   | Theoretical                     | Set up a mutual dialogue   |
| 14   | Theoretical                     | Set up a mutual dialogue   |
| 15   | Theoretical                     | General Review   |

### Workload Calculation

| Activity                              | Quantity | Preparation | Duration | Total Workload |
|---------------------------------------|----------|-------------|----------|----------------|
| Lecture - Theory                      | 14       | 0.5         | 2        | 35             |
| Assignment                            | 5        | 1           | 1        | 10             |
| Individual Work                       | 14       | 0           | 1.5      | 21             |
| Midterm Examination                   | 1        | 3           | 2        | 5              |
| Final Examination                     | 1        | 3           | 2        | 5              |
| Total Workload (Hours)                |          |             |          | 76             |
| [Total Workload (Hours) / 25*] = ECTS |          |             |          | 3              |

\*25 hour workload is accepted as 1 ECTS

### Learning Outcomes

|   |  |
|---|--|
| 1 | Hearing impaired individuals and knows the general properties of sign language |
|---|--|

|    |  |
|----|--|
| 2  | Hearing impaired individuals and knows the general properties of sign language |
| 3  | You can introduce yourself with credentials                                    |
| 4  | Can I use the words easy and natural   |
| 5  | You can use the signs to meet  |
| 6  | Know their timezone  |
| 7  | He knows the number signs  |
| 8  | He knows the day signs   |
| 9  | Know the color marks   |
| 10 | Crafts knows the signs.  |
| 11 | My mom knows the parts of sign has   |

#### Programme Outcomes (Dialysis)

|    |  |
|----|--|
| 1  | To be able to comprehend the duties and responsibility of dialysis technicians. To be able to work in a team with members of other health professions.   |
| 2  | To be able to acquire a general knowledge of human anatomy, physiology and biochemistry  |
| 3  | To be able to gain knowledge of blood-borne infectious diseases, especially infectious diseases such as hepatitis and universal prevention methods   |
| 4  | To be able to have knowledge of blood-borne infectious diseases, especially infectious diseases such as hepatitis and universal prevention methods   |
| 5  | To be able to recognize hemodialysis machine, and have knowledge and skills will be used it during operation of dialysis   |
| 6  | To be able to have the knowledge of application on peritoneal dialysis and skills be able to train patient on this.  |
| 7  | To be able to acquire dialysate characteristics, have necessary skills on preparation and application  |
| 8  | To be able to gain the knowledge and skills on the basic principles of water treatment, application methods, and control of purified water as a level of practitioner  |
| 9  | To be able to comprehend the principles of patient care, complications during dialysis operation what patients may be encounter and perform necessary knowledge and skills to take necessary measures to protect patient from these complications.                                     |
| 10 | To be able to gain knowledge and equipment related to educating on problems that the long-term dialysis patients may have.   |
| 11 | To be able to understand periodic examinations during the follow up dialysis patients and recognize pathologies in the early period, and have the knowledge and skills to take necessary precautions in time   |
| 12 | To be able to have the knowledge of the dialysis patients, physiological, social and psychological problems, and perform necessary support skills on these issues for the patient  |
| 13 | In general to be able to comprehend the knowledge of, drugs, dosage, side effects, and toxic effects, routes of administration of drugs and drug use in patients with chronic renal failure  |
| 14 | To be able to acquire a high level knowledge of fluid and electrolyte problems with general issues nephrology, acid-base balance disorder, nephrology and urology kidney disease, chronic and acute renal failure.   |
| 15 | To be able to comprehend the methods of diagnosis and treatment of diseases of the system, and have knowledge of fighting and protecting from especially problems that can be seen in dialysis patients as level of practitioner and getting patient compliance.                       |
| 16 | To be able to have knowledge of statistics and research methods as a level of following the developments, monitoring and interpreting scientific publications.   |
| 17 | To be able to gain the knowledge of foreign language as a level of communicating and following developments.   |
| 18 | To be able to be willing to self-improvement as an individual committed to the principles and reforms of Atatürk and keeping on the some of the rules of social life, customs and traditions, depending on the interests of the country on their own interests as a member of society, |
