

AYDIN ADNAN MENDERES UNIVERSITY COURSE INFORMATION FORM

Course Title		Attention Strengthening Techniques and Speed ??reading								
Course Code		TS075		Couse Level		Short Cycle (Associate's Degree)				
ECTS Credit 2		Workload	51 (Hours)	Theory	2	Practice	0	Laboratory	0	
Objectives of the Course		Effective and	fast to read							
Course Content		To increase the speed of perception, brain exercises to improve eye muscle								
Work Placement		N/A								
Planned Learning Activities and Teaching Methods			Explanation	n (Presenta	tion), Discussi	on, Case Stu	udy, Project Basec	d Study		
Name of Lecture	r(s)									

Assessment Methods and Criteria							
Method	Quantity	Percentage (%)					
Midterm Examination	1	40					
Final Examination	1	70					

Recommended or Required Reading

1 Lecture notes

Week	Weekly Detailed Cour	se Contents
1	Theoretical	Voice reading
2	Theoretical	Silent reading
3	Theoretical	Walk around
4	Theoretical	Scanning
5	Theoretical	Careful reading
6	Theoretical	Flexible reading
7	Theoretical	Effective reading elements
8	Intermediate Exam	Midterm
9	Theoretical	Eye exercises
10	Theoretical	Reading comprehension
11	Theoretical	Reading practice
12	Theoretical	Reading practice
13	Theoretical	The benefits of speed reading
14	Theoretical	The benefits of speed reading
15	Theoretical	The benefits of speed reading
16	Final Exam	Final

Workload Calculation								
Activity	Quantity	Preparation	Duration	Total Workload				
Lecture - Theory	14	0	2	28				
Assignment	5	1	1	10				
Midterm Examination	1	5	1	6				
Final Examination	1	6	1	7				
	51							
	2							
*25 hour workload is accepted as 1 ECTS								

Learn	Learning Outcomes						
1	Concentration will develop,						
2	space of time to focus on the course,						
3	Detection rates will rise,						

4	reading speed and comprehension rates will rise,	
5	will increase their interest in reading books,	
6	Learning performance will increase,	
7	Test anxiety will decrease,	
8	Motivation will rise,	
9	will increase their academic success.	

19 1	Progr	amme Outcomes (Anesthesia)
To be able to recall the knowledge about ethical and moral values To be able to recall the knowledge of Turkish grammer and be able to use it To be able to communicate effectively with patient, their family, and own team To be able to control, use, and maintain the anesthesia machines To be able to recall the information about anesthesia application in the system diseases To be able to recall the issues that needed to be considered in follow-up of patients in intensive care. To be able to make the patiens' care in intensive care To be able to apply the cardiopulmonary resuscitation. To be able to apply the drug, liquid and blood to the patient. To be able to apply nasogastric tube to the patient and to aspirate. To be able to assist the implementation of general anesthesia to patient. To be able to recall the drugs used in general and regional anesthesia and learn to use them safely. PO15. Can help during the maintanence, ending and post anaesthesia process. Can help the practices of anesthesia and sedation outside the operation room. Can communicate at the basic level of a foreign language and use this language in his job. Be able to communicate at a basic level in a foreign language and be able to use this language in professional fields To have the appropriate knowledge of basic sciences at the level of interest, to use specific medical terms and terminology	1	To be able to recall basic knowledge about human anatomy
To be able to recall the knowledge of Turkish grammer and be able to use it To be able to communicate effectively with patient, their family, and own team To be able to control, use, and maintain the anesthesia machines To be able to recall the information about anesthesia application in the system diseases To be able to recall the issues that needed to be considered in follow-up of patients in intensive care. To be able to make the patiens' care in intensive care To be able to apply the cardiopulmonary resuscitation. To be able to apply the drug, liquid and blood to the patient. To be able to apply nasogastric tube to the patient and to aspirate. To be able to assist the implementation of general anesthesia to patient. To be able to recall the drugs used in general and regional anesthesia and learn to use them safely. PO15. Can help during the maintanence, ending and post anaesthesia process. Can help the practices of anesthesia and sedation outside the operation room. Can communicate at the basic level of a foreign language and use this language in his job. Be able to communicate at a basic level in a foreign language and be able to use this language in professional fields To have the appropriate knowledge of basic sciences at the level of interest, to use specific medical terms and terminology	2	To be able to recall the knowledge about Ataturk's principles and the history of Turkish Revolution
To be able to communicate effectively with patient, their family, and own team To be able to control, use, and maintain the anesthesia machines To be able to recall the information about anesthesia application in the system diseases To be able to recall the issues that needed to be considered in follow-up of patients in intensive care. To be able to make the patiens' care in intensive care To be able to apply the cardiopulmonary resuscitation. To be able to apply the drug, liquid and blood to the patient. To be able to apply nasogastric tube to the patient and to aspirate. To be able to assist the implementation of general anesthesia to patient. To be able to recall the drugs used in general and regional anesthesia and learn to use them safely. PO15. Can help during the maintanence, ending and post anaesthesia process. Can help the practices of anesthesia and sedation outside the operation room. Can communicate at the basic level of a foreign language and use this language in his job. Be able to communicate at a basic level in a foreign language and be able to use this language in professional fields To have the appropriate knowledge of basic sciences at the level of interest, to use specific medical terms and terminology	3	To be able to recall the knowledge about ethical and moral values
To be able to control, use, and maintain the anesthesia machines To be able to recall the information about anesthesia application in the system diseases To be able to recall the issues that needed to be considered in follow-up of patients in intensive care. To be able to make the patiens' care in intensive care To be able to apply the cardiopulmonary resuscitation. To be able to apply the drug, liquid and blood to the patient. To be able to apply nasogastric tube to the patient and to aspirate. To be able to assist the implementation of general anesthesia to patient. To be able to recall the drugs used in general and regional anesthesia and learn to use them safely. PO15. Can help during the maintanence, ending and post anaesthesia process. Can help the practices of anesthesia and sedation outside the operation room. Can communicate at the basic level of a foreign language and use this language in his job. Be able to communicate at a basic level in a foreign language and be able to use this language in professional fields To have the appropriate knowledge of basic sciences at the level of interest, to use specific medical terms and terminology	4	To be able to recall the knowledge of Turkish grammer and be able to use it
To be able to recall the information about anesthesia application in the system diseases To be able to recall the issues that needed to be considered in follow-up of patients in intensive care. To be able to make the patiens' care in intensive care To be able to apply the cardiopulmonary resuscitation. To be able to apply the drug, liquid and blood to the patient. To be able to apply nasogastric tube to the patient and to aspirate. To be able to assist the implementation of general anesthesia to patient. To be able to recall the drugs used in general and regional anesthesia and learn to use them safely. PO15. Can help during the maintanence, ending and post anaesthesia process. Can help the practices of anesthesia and sedation outside the operation room. Can communicate at the basic level of a foreign language and use this language in his job. Be able to communicate at a basic level in a foreign language and be able to use this language in professional fields To have the appropriate knowledge of basic sciences at the level of interest, to use specific medical terms and terminology	5	To be able to communicate effectively with patient, their family, and own team
To be able to recall the issues that needed to be considered in follow-up of patients in intensive care. To be able to make the patiens' care in intensive care To be able to apply the cardiopulmonary resuscitation. To be able to apply the drug, liquid and blood to the patient. To be able to apply nasogastric tube to the patient and to aspirate. To be able to assist the implementation of general anesthesia to patient. To be able to recall the drugs used in general and regional anesthesia and learn to use them safely. PO15. Can help during the maintanence, ending and post anaesthesia process. Can help the practices of anesthesia and sedation outside the operation room. Can communicate at the basic level of a foreign language and use this language in his job. Be able to communicate at a basic level in a foreign language and be able to use this language in professional fields To have the appropriate knowledge of basic sciences at the level of interest, to use specific medical terms and terminology	6	To be able to control, use, and maintain the anesthesia machines
9 To be able to make the patiens' care in intensive care 10 To be able to apply the cardiopulmonary resuscitation. 11 To be able to apply the drug, liquid and blood to the patient. 12 To be able to apply nasogastric tube to the patient and to aspirate. 13 To be able to assist the implementation of general anesthesia to patient. 14 To be able to recall the drugs used in general and regional anesthesia and learn to use them safely. 15 PO15. Can help during the maintanence, ending and post anaesthesia process. 16 Can help the practices of anesthesia and sedation outside the operation room. 17 Can communicate at the basic level of a foreign language and use this language in his job. 18 Be able to communicate at a basic level in a foreign language and be able to use this language in professional fields 19 To have the appropriate knowledge of basic sciences at the level of interest, to use specific medical terms and terminology	7	To be able to recall the information about anesthesia application in the system diseases
To be able to apply the cardiopulmonary resuscitation. To be able to apply the drug, liquid and blood to the patient. To be able to apply nasogastric tube to the patient and to aspirate. To be able to assist the implementation of general anesthesia to patient. To be able to recall the drugs used in general and regional anesthesia and learn to use them safely. PO15. Can help during the maintanence, ending and post anaesthesia process. Can help the practices of anesthesia and sedation outside the operation room. Can communicate at the basic level of a foreign language and use this language in his job. Be able to communicate at a basic level in a foreign language and be able to use this language in professional fields To have the appropriate knowledge of basic sciences at the level of interest, to use specific medical terms and terminology	8	To be able to recall the issues that needed to be considered in follow-up of patients in intensive care.
To be able to apply the drug, liquid and blood to the patient. To be able to apply nasogastric tube to the patient and to aspirate. To be able to assist the implementation of general anesthesia to patient. To be able to recall the drugs used in general and regional anesthesia and learn to use them safely. PO15. Can help during the maintanence, ending and post anaesthesia process. Can help the practices of anesthesia and sedation outside the operation room. Can communicate at the basic level of a foreign language and use this language in his job. Be able to communicate at a basic level in a foreign language and be able to use this language in professional fields To have the appropriate knowledge of basic sciences at the level of interest, to use specific medical terms and terminology	9	To be able to make the patiens' care in intensive care
To be able to apply nasogastric tube to the patient and to aspirate. To be able to assist the implementation of general anesthesia to patient. To be able to recall the drugs used in general and regional anesthesia and learn to use them safely. PO15. Can help during the maintanence, ending and post anaesthesia process. Can help the practices of anesthesia and sedation outside the operation room. Can communicate at the basic level of a foreign language and use this language in his job. Be able to communicate at a basic level in a foreign language and be able to use this language in professional fields To have the appropriate knowledge of basic sciences at the level of interest, to use specific medical terms and terminology	10	To be able to apply the cardiopulmonary resuscitation.
To be able to assist the implementation of general anesthesia to patient. To be able to recall the drugs used in general and regional anesthesia and learn to use them safely. PO15. Can help during the maintanence, ending and post anaesthesia process. Can help the practices of anesthesia and sedation outside the operation room. Can communicate at the basic level of a foreign language and use this language in his job. Be able to communicate at a basic level in a foreign language and be able to use this language in professional fields To have the appropriate knowledge of basic sciences at the level of interest, to use specific medical terms and terminology	11	To be able to apply the drug, liquid and blood to the patient.
To be able to recall the drugs used in general and regional anesthesia and learn to use them safely. PO15. Can help during the maintanence, ending and post anaesthesia process. Can help the practices of anesthesia and sedation outside the operation room. Can communicate at the basic level of a foreign language and use this language in his job. Be able to communicate at a basic level in a foreign language and be able to use this language in professional fields To have the appropriate knowledge of basic sciences at the level of interest, to use specific medical terms and terminology	12	To be able to apply nasogastric tube to the patient and to aspirate.
PO15. Can help during the maintanence, ending and post anaesthesia process. Can help the practices of anesthesia and sedation outside the operation room. Can communicate at the basic level of a foreign language and use this language in his job. Be able to communicate at a basic level in a foreign language and be able to use this language in professional fields To have the appropriate knowledge of basic sciences at the level of interest, to use specific medical terms and terminology	13	To be able to assist the implementation of general anesthesia to patient.
Can help the practices of anesthesia and sedation outside the operation room. Can communicate at the basic level of a foreign language and use this language in his job. Be able to communicate at a basic level in a foreign language and be able to use this language in professional fields To have the appropriate knowledge of basic sciences at the level of interest, to use specific medical terms and terminology	14	To be able to recall the drugs used in general and regional anesthesia and learn to use them safely.
Can communicate at the basic level of a foreign language and use this language in his job. Be able to communicate at a basic level in a foreign language and be able to use this language in professional fields To have the appropriate knowledge of basic sciences at the level of interest, to use specific medical terms and terminology	15	PO15. Can help during the maintanence, ending and post anaesthesia process.
Be able to communicate at a basic level in a foreign language and be able to use this language in professional fields To have the appropriate knowledge of basic sciences at the level of interest, to use specific medical terms and terminology	16	Can help the practices of anesthesia and sedation outside the operation room.
To have the appropriate knowledge of basic sciences at the level of interest, to use specific medical terms and terminology	17	Can communicate at the basic level of a foreign language and use this language in his job.
March 1 1 1 1 1 1 1 1 1	18	Be able to communicate at a basic level in a foreign language and be able to use this language in professional fields
Tield	19	To have the appropriate knowledge of basic sciences at the level of interest, to use specific medical terms and terminology of field
