

AYDIN ADNAN MENDERES UNIVERSITY COURSE INFORMATION FORM

Course Title		Development Assessment, Diagnostics and Monitoring II							
Course Code		CGB402		Course Level		First Cycle (Bachelor's Degree)			
ECTS Credit	4	Workload	101 (<i>Hours</i>)	Theory	1	Practice	3	Laboratory	0
Objectives of the Course		To ensure that pupils are able to recognize and use tools to assess the development of school and adolescent children (aged 7-18 years) in the areas of social-emotional, cognitive, motor, language and self-care.							
Course Content		Developed assessment tools for children aged 7-18, development assessment strategies, development evaluation report writing, field application.							
Work Placement		Yes							
Planned Learning Activities and Teaching Methods				Explanation (Presentation), Demonstration					
Name of Lecturer(s)									

Prerequisites & Co-requisites

Prerequisite	CGB401
--------------	--------

Assessment Methods and Criteria

Method	Quantity	Percentage (%)
Midterm Examination	1	25
Final Examination	1	50
Practice	1	25

Recommended or Required Reading

1	Current resources on the subject
---	----------------------------------

Week	Weekly Detailed Course Contents	
1	Theoretical	General information meeting about internship
2	Theoretical	Introduction and implementation of evaluation tools for school-age children
3	Practice	Applying the development tools for school-age children to the field (hospital, family health center, etc.)
4	Practice	Applying the development tools for school-age children to the field (hospital, family health center, etc.)
5	Practice	Applying the development tools for school-age children to the field (hospital, family health center, etc.)
6	Practice	Applying the development tools for school-age children to the field (hospital, family health center, etc.)
7	Intermediate Exam	Midterm Exam
8	Practice	Case discussion on applications; Planning and implementation of a developmental support program in line with the developmental needs of children aged 0-18 years (gain experience by participating in activities in line with the institution's work plan)
9	Practice	Case discussion on applications; Planning and implementation of a developmental support program in line with the developmental needs of children aged 0-18 years (gain experience by participating in activities in line with the institution's work plan)
10	Practice	Case discussion on applications; Planning and implementation of a developmental support program in line with the developmental needs of children aged 0-18 years (gain experience by participating in activities in line with the institution's work plan)
11	Practice	Case discussion on applications; Planning and implementation of a developmental support program in line with the developmental needs of children aged 0-18 years (gain experience by participating in activities in line with the institution's work plan)
12	Practice	Case discussion on applications; Planning and implementation of a developmental support program in line with the developmental needs of children aged 0-18 years (gain experience by participating in activities in line with the institution's work plan)
13	Practice	Case discussion on applications; Planning and implementation of a developmental support program in line with the developmental needs of children aged 0-18 years (gain experience by participating in activities in line with the institution's work plan)

14	Practice	Case discussion on applications; Planning and implementation of a developmental support program in line with the developmental needs of children aged 0-18 years (gain experience by participating in activities in line with the institution's work plan)
----	----------	--

Workload Calculation

Activity	Quantity	Preparation	Duration	Total Workload
Lecture - Theory	14	2	1	42
Lecture - Practice	14	0	3	42
Midterm Examination	1	5	1	6
Final Examination	1	10	1	11
Total Workload (Hours)				101
[Total Workload (Hours) / 25*] = ECTS				4

*25 hour workload is accepted as 1 ECTS

Learning Outcomes

1	Lists assessment tools for children with special needs
2	Selects an assessment tool that includes every development area suitable for all ages and needs
3	Makes evaluation with the selected assessment tools
4	Interpret and report the evaluation result
5	Share the evaluation result and make necessary suggestions

Programme Outcomes (Child Development)

1	Comparatively evaluate and interpret the reliability and validity of the knowledge he / she has by using the basic and updated theoretical and practical educational and training tools and resources in the field of child development.
