

## AYDIN ADNAN MENDERES UNIVERSITY COURSE INFORMATION FORM

Course Title		Seminar							
Course Code		EYT701		Couse Level		Second Cycle (Master's Degree)			
ECTS Credit	4	Workload	106 (Hours)	Theory	0	Practice	2	Laboratory	0
Objectives of the Course  The aim of this course is to make students gain insight and knowledge about scientific research of specific subject and to be able to synthesize the acquired knowledge via research to be organized demonstrated in a report.									
Course Content		The course covers the research, synthesize, analysis processes of a specific subject determined by the student in order to work in the consultancy of a professor in the second half of the Master courses							
Work Placement N/A									
Planned Learning Activities and Teaching Methods			Explanation (Presentation), Demonstration, Discussion, Case Study, Individual Study, Problem Solving					y,	
Name of Lecturer(s)									

Assessment Methods and Criteria					
Method	Quantity	Percentage (%)			
Seminar	1	100			

## **Recommended or Required Reading**

1 Bursalıoğlu, Z. (1987). Okul yönetiminde yeni yapı ve davranış. Ankara Üniversitesi Eğitim Fakültesi Yayınları.

Week	Weekly Detailed Course Contents					
1	Theoretical	Determining Seminar Subjects				
2	Theoretical	Determining Seminar Subjects				
3	Theoretical	Literature research				
4	Theoretical	Literature research				
5	Theoretical	Literature research				
6	Theoretical	Collecting data				
7	Theoretical	Collecting data				
8	Theoretical	Collecting data				
9	Theoretical	Collecting data				
10	Theoretical	Collecting data				
11	Theoretical	Data analysis				
12	Theoretical	Data analysis				
13	Theoretical	Data analysis				
14	Theoretical	Reporting				
15	Theoretical	Reporting				

Workload Calculation							
Activity	Quantity	Preparation	Duration	Total Workload			
Seminar	1	6	2	8			
Reading	7	7	7	98			
Total Workload (Hours)							
[Total Workload (Hours) / 25*] = <b>ECTS</b>							
*25 hour workload is accepted as 1 ECTS							

Learn	Learning Outcomes						
1	To be able to determine problems in the study area						
2	To be able to solve problems in the study area						
3	To be able to make a detailed survey of the literature on a given topic						
4	To be able to interpret information obtained from research studies						
5	To be able to integrate information obtained from research studies						

To be able to make up a scientific report with conclusions

To be able to present conclusions

## Programme Outcomes (Educational Administration Supervision Planning And Economics Master)

- To be able to deepen the collected knowledge related to education toward basic theories and applications of EASPE and evaluate the relationships between the theories and applications related to educational administration and supervision.
- To be able to comprehend the relationships between EASPE and psychology, sociology, philosophy, management, economy, political sciences and other related disciplines and to carry out interdisciplinary studies by using gained knowledge and abilities related to EASPE.
- To be able to apply the knowledge obtained to different level educational organizations in order to be developed and be managed effectively.
- To be able to identify the problems of educational administration and supervision by using the knowledge obtained in EASPE and to develop new point of views by using the knowledge obtained from related disciplines
- To be able to propose solutions to the problems of educational system by using qualitative and quantitative research methods and by mounting the problems of EASPE in the problem-solving framework.
- To be able to develop necessary skills of using statistical softwares in order to carry out a scientific research and to use knowledge and communication technologies necessary for sharing knowledge and data.
- To be able to develop solution models toward the problems of EASPE by using related theories and approaches and to apply these solution models to the total system.
- To be able to gain the knowledge necessary for carrying out independent studies in EASPE and to apply teamwork skills in order to reach effective results in interdisciplinary studies
- To be able to evaluate assumptions, opinions and theories related to the field of EASPE by sceptical, logical, analitical, independent and cretical point of view.
- To be able to internalize the principles of professional development and lifelong learning which are considered necessary for the field of EASPE.
- To be able to transfer the recent developments in the field of EASPE and his/her quality scientific studies to the people, institutions and organizations in and out of the field by written, non-written and visual systematically
- To be able to follow the recent international studies in the field ,to participate in international social and scientific teamworks and to have language skills and competence for sharing and demonstrating his / her studies.
- To be able to interpret the strategies, politics and plans developed for educational system in the way of theories and principles of educational administration and supervision and to evaluate the obtained results in the framework of national and international indicators.
- 14 To be able to carry out research processes within the framework of EASPE by applying the social, scientific and ethical values.
- To be able to develop new point of views by analyzing the reflections of international educational policies on national educational policies.
- To To be able to develop leadership skills in order to move the human resources toward organizational goals and the visions of educational instutitions.
- To be able to evaluate the social, cultural and scientific educational developments in accordance with national policies and sources.
- To be able to apply the strategies and processes designed in relation with change management at schools by analyzing the nature of internal and external forces leading towards change at schools within the framework of school and environment relations.

## Contribution of Learning Outcomes to Programme Outcomes 1: Very Low, 2:Low, 3: Medium, 4: High, 5: Very High
