*25 hour workload is accepted as 1 ECTS

Learning Outcomes

Programme Outcomes (Sociology Doctorate)

1	To be able to understand and explain the functioning of social structure, institutions and processes, and social action.
2	Ability to make advanced sociological analyzes based on the current theoretical and conceptual framework.
3	To be able to think critically about the causes and consequences of social inequalities (in the areas of class, ethnicity, religion, and gender).
4	To be able to use sociological research methods and techniques effectively in work life and academic studies.
5	To be able to understand and explain social and intercultural differences from a comparative perspective.
6	Being sensitive to universal values and ecological problems by using a scientific perspective.
7	To be able to look at current social problems and phenomena from an interdisciplinary perspective.
8	To follow current sociological developments, to be open to professional innovations and to be able to predict.
9	Having professional sensitivity and scientific ethical responsibility.
10	To be able to express oneself in an advanced academic sense, both verbally and in writing, and to communicate effectively.
11	To be able to follow basic sociological texts in a foreign language.
