Midterm Examination	1	0	10	10
Final Examination	1	0	15	15
Total Workload (Hours)				181
[Total Workload (Hours) / 25*] = ECTS				7

\*25 hour workload is accepted as 1 ECTS

**Learning Outcomes**

1	will be able to define the basic concepts about qualitative research
2	will be able to explain qualitative reserach methods
3	will be able to explain the techniques used for gathering data in qualitative research
4	will be able to develop instruments for gathering data
5	will be able to apply these instruments
6	will be able to analyze the data
7	will be able to interpret the data
8	will be able to evaluate the qualitative and quantitavive research by comparing and contrasting
9	will be able to develop a suggestion for qualitative research

**Programme Outcomes (Management Information Systems Master)**

1	Be aware of the different types of information technologies and systems using in business, have enough knowledge to design a suitable system
2	Analyse the needs for an information systems and have control over the processes at the analysis, design and implementation stages of the database that belongs to the system
3	Convey information about current trends and their own studies both verbally and visually ways.
4	Be able to follow current developments in modern business techniques and technologies, especially information technologies
5	Understand the interaction between his departmant and other relational departmants, if necessary make a team, take responsibility and do the works with team.
6	Know the information technologies and systems using in different types of business, if necessary take the system responsibility.
7	Be aware of the social transformation especially in their own field and social, legal and moral responsibilities belongs to other work field.
