

AYDIN ADNAN MENDERES UNIVERSITY COURSE INFORMATION FORM

Course Title		Introduction to Economics II							
Course Code		ECON102		Couse Level		First Cycle (Bachelor's Degree)			
ECTS Credit	5	Workload	128 (<i>Hours</i>)	Theory	3	Practice	0	Laboratory	0
Objectives of the Course		This course is intended to introduce the students to some basic macroeconomic concepts, with special emphasis on determinants of the level of national income, prices and employment. Current problems of inflation and unemployment are explored with the aid of such analysis, and alternative views of the effectiveness of fiscal, monetary, and other governmental policies are analyzed. Attention is given to the sources and consequences of economic growth and to the nature and significance of international linkages through goods and capital markets.							
Course Content		This course covers the concepts of national income determination, aggregate demand and aggregate supply analysis in both the short-run and the long-run, monetary policy, inflation, unemployment, government deficits, economic growth, trade policy, exchange rates, and balance of payments.							
Work Placement		N/A
